

ADRIAAN GEUZE GIVES LECTURE AT SOUTHEAST UNIVERSITY IN NANJING

17-04-2013

Adriaan Geuze will give a lecture at the Architecture department of Southeast University, Nanjing, China on 25th April. With a lecture titled "Second Nature" he will be presenting several of West 8's recent projects to the students and scholars at this historical city in China. Southeast University is one of the oldest institutions of higher learning, and is one of the top 10 universities in scientific research and development in China. It has over 20 national or provincial research institutes, the SEU Architecture Design and Research Institute, which is one of the few national first-class design institutes, have undertaken various major projects.
