

GOESE SCHANS WINS WWR-AWARD

08-09-2010

West 8's plan for water city 'Goese Schans' has won the Water Wonen & Ruimte Award (WWR-Award). The plans were judged on criteria such as flexibility / adaptability (climate change), multiple space, quality of life (water), innovation, economic robustness, export value, water awareness and water management planning and technical integration. The quality of the plan, based on historic water city, was decisive for the jury.
