05-04-2015

Colwell Shelor + West 8 + Weddle Gilmore's design for Mesa City Center has received an Honor Award from the Arizona Chapter of the American Society of Landscape Architects (ASLA) in the Analysis & Planning category at the 2015 Design Awards.

Conceived as a "town square with a twist", Colwell Shelor + West 8 + Weddle Gilmore's design combines the City's and community's desires for a venue for its major events and festivals; a shady, green welcoming setting and an iconic, world-class space announcing Mesa as a leading city for innovation, arts, business and community.

Representatives from Colwell Shelor collected the award on behalf of the team at the 2015 AzASLA EXPO & Gala on Saturday, March 28th at the Phoenix Art Museum.

This year, the AzASLA received more than 35 entries, making it one of the most competitive awards program in the history of the Chapter. The jury of New Mexico professionals, led by Victor Trujillo, was impressed with the quality of projects submitted, reflecting a diverse body of work by professionals and students in the state of Arizona.
