

THE STORIES BEHIND THE ROTTERDAM BRANDGRENS

26-10-2009

As part of the permanent marking of the Rotterdam Brandgrens (the fire limits) a Storystudio is set up to record and document the stories behind the Rotterdam Brandgrens. The studio is on tour in different Rotterdam neighbourhoods and encourages people to share their experiences with the Brandgrens (its history and its current impact). The stories can be accessed via a website and special events at the Historical Museum of Rotterdam.
