

WEST 8 LED TCLF TOURS TO RALEIGH-DURHAM-CHAPEL HILL

16-04-2018

Preceded by the conference, [Leading with Landscape IV: Transforming North Carolina's Research Triangle](#), held at the James B. Hunt Jr. Library at NC State University on April 13, West 8 NY Principal Claire Agre led in the weekend of April 14-15 tours organised by TCLF: 'What's Out There Weekend Raleigh-Durham-Chapel Hill'.

Claire was one of the experts showing participants of the tours how to re-discover the design history of places they pass every day including: campuses, public parks, industrial complexes, African-American heritage areas, Modernist sites, and an extensive network of trails and greenways. These were free tours of the Research Triangle's diverse cultural landscapes.

West 8 has been involved in the landscape master plan development of Duke University West Campus (DURHAM) since 2015, when West 8 was commissioned to envision a world-class [sculpture park](#) set amidst the 140 acres of beautiful creeks, valleys and forests that unites Duke's two campuses and borders Campus Drive.

West 8 Design Director Adriaan Geuze was one of the speakers of [Leading with Landscape IV: Transforming North Carolina's Research Triangle](#) Panel 1 commenced on April 13. Here is a [tweet](#) (by MaAdams) of Adriaan's presentation during the event. More event tweets can be found also [here](#).
