The study of architecture is first and foremost a generalist education, it provides knowledge and skills from a number different disciplines. Thus, with invited speakers from the fields of Architecture, Art and Culture, '90 Minuten' offers an opportunity for recognised practitioners to discuss their distinctive approaches to architecture, the built environment, contemporary issues and share their work.

With the lecture "West 8 Beaufort" - Perry Maas, West 8 Industrial and Public Space Designer will open the winter semester of 90 minute lecture series for Department of Architecture at Jade University in Oldenburg, Germany.
